Mobile Presentation System (MPS)

Unique all steel movable multimedia cart

The Dukane Mobile Presentation System (MPS) is a fully integrated audio visual solution for schools, training centers, or businesses that are looking for portable presentation technology which can be easily moved between a number of rooms. This all in one system provides users with all the latest in presentation technology in a secure mobile workstation.

MPS Features:

- ***Complete self-contained system***
- ***Secure, can be closed and locked***
- ***Easy to move with rear handle, foot ledge, and industrial 5" wheels***
- ***Mounted data video projector***
- ***Integrated document camera***
- ***DVD/VCR player included***
- ***Built in speakers***
- ***Cables, power strip and cords included***
- ***Fully assembled and ready to operate***
- ***Various configurations available***

Model MPSA
Starting at: $2495.00*

Model MPSA20S
(Docment Camera 220E Upgrade)
Starting at: $2995.00*

Model MPS2
(Camera 220E Upgrade and Touch Screen Remote)
Starting at: $3895.00*

The MPS$_2$ comes with a touch screen interactive remote control system for easy handheld operation of all your multimedia equipment. This customized IR remote allows you to view and operate your entire MPS including your document camera, DVD/VCR player, and projector.

Total control in 1 remote!

4" X 6" Interactive Touch Screen

When not in use, all shelves and doors close and lock for complete security and worry free storage. The system comes fully assembled and connected making this a flexible and easy solution for all multimedia requirements.

Model LV3500W
LongView® Wireless Extender

by Avocent

"Audio/Video Connectivity without Wires"

The LongView Wireless LV3500W extender, includes a wireless transmitter and receiver, power supplies and audio cables. The firmware features a user-friendly OSD for making adjustments and tuning the video settings.

The LV3500W transmission ranges from 100 feet through walls up to 300 feet line-of-sight. The omni-directional antennas enable the transmitter and receiver to locate each other even if one of them has been moved.

LV3500W - *LongView® Wireless Extender* **$795.00**

LeaderBoard by DUKANE

Interactive Whiteboard

The LeaderBoard is an easy-to-use interactive digital whiteboard that gives any presenter the power to engage their audience through simple annotation, spotlight, and reveal presentation tools.

- 14 predefined touch keys on both sides of the board for easy access to dynamic Presentation Tools and functions.
- Simple method for modifying the annotation pen color, size and eraser width.
- Intuitive screen capture, viewing and retrieval method.
- Virtual WhiteBoard software to quickly capture and retrieve written ideas in color.
- Durable hard formica surface.
- Special matte finish for superior image quality.
- Five-year warranty (USA).

Available Models, Active Viewing Area

LB62-62″ diagonal, (50.2″ x 38.3″) 25 lbs. **$1049.00**
LB77-77″ diagonal, (63.3″ x 45.6″) 36 lbs. **$1199.00**

AirSlate by DUKANE

Giving you the freedom to interact!

AS1- Bluetooth Tablet, (9.8″ x 9.4″ x 1.1″) **$395.00**

The AirSlate is a Bluetooth wireless annotation and mouse control pad that gives the instructor maximum interaction with their audience by allowing the freedom to roam around the room while giving a presentation.

- Precise and lightweight cordless pen provides all the necessary mouse functions.
- Live annotation over presentations, programs, documents and web pages.
- Clip art library for Geography, Math, Science, History and more.
- Software to easily capture and retrieve written ideas in color.
- Applicable to all Microsoft Office programs including PowerPoint, Excel and Word.
- Fully Battery Operated
- One Year Warranty

These high-quality tripod screens are easy for you to transport and use. They can be setup in less than a minute. Screen height is adjustable to fit the location. The flat matte surface is universally acceptable for producing perfect images and deploys smoothly during setup. The screens are available in square or wide (4 by 3 video) formats.

TRIPOD SCREENS

- *Newly styled, constructed to last*
- *Fast and easy to set up.*
- *Flat matte white screen for perfect images*
- *Square or wide format screens*
- *Flame retardant materials used*
- *Black side borders for image framing*
- *All steel housing and legs*
- *Durable chrome plated surfaces*

Model	Size	Description	Shipping Weight lbs.	Price

DUKVT240	96" X 72"	Tripod Screen, Black, Video w/Keystone Eliminator	33	Call

These screens will easily fit your classroom or facility. They have a universally acceptable flat matte, white screen surface that distributes the light evenly over the largest viewing area. This results in low glare and provides vibrant, bright colors with no hue shift or distortion. The screens can be mounted directly to the wall with 2 screws. In addition an optional short six-inch bracket is available to position the screen out from the wall thereby providing clearance for a whiteboard. To angle the screen further from the wall for keystone correction, an adjustable 14 to 24 inch wall bracket is available.

WALL SCREENS

- *Long lasting contemporary styled screen*
- *Simple to attach to the wall*
- *Black side borders to frame your image*
- *Easy pull stops – pull down or retraction*
- *Bottom metal beam for flat screen surface*
- *Flame retardant materials*
- *Perfect matte white screen for exceptional images*
- *Accessory brackets for installations to fit your room*
- *Available in two formats, square and wide format*

ConVA Media Control System

Take Control of your Presentation Equipment

The **ConVA** Media Control System by Dukane is a unified approach to operate and assess the various multimedia equipment found in today's classrooms and training rooms. The non-proprietary software application serves as a foundation for controlling existing multimedia systems as well as future equipment upgrades.

ConVA makes it easy to:

- Control all your presentation equipment from one computer including projectors, document cameras, DVD/VCR players, and more
- Schedule events like Watch TV or Power Off for one room or an entire building
- Monitor equipment usage such as projector filter and lamp hours for organized maintenance and purchasing
- Assess how often technology is being utilized in the classroom with unique reporting features

To learn more about **ConVA**, contact us at:

Website: MediaConVA.com • E-mail us at: Info@MediaConVA.com • Toll Free: 800-676-2485
